- \*9 One adult in the SE. corner, a juvenile in the W. meadow and a lighter juvenile was in a far E. snag.
- \*10 20 were of the myrtles race and 33 were of the audubon's race.
- \*11 Sparrow was of the gambel's race.

## **MORE NOTES**

One resident Barn Owl was observed in the nest box, just SW. of the site, and is likely utilizing the site. Evidence of owls roosting in the pines at Anderson Park continues, although the owl was not seen.
